TEKLYNX
LABEL MATRIX

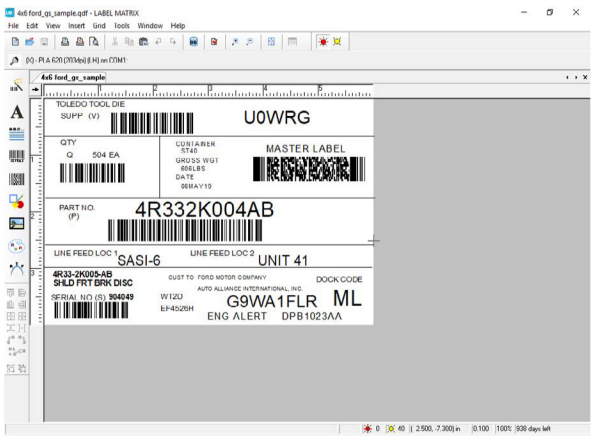
CREATE + PRINT

For simple labeling requirements

LABEL MATRIX is feature-rich label design software for companies looking for a trusted solution that is simple to install and easy to use. LABEL MATRIX is an intuitive application with an easy-to-navigate interface. Helpful wizards guide you through adding text, images, and barcodes, database connections, and advanced design options to ensure a straightforward process. LABEL MATRIX is the best choice for low-complexity labeling environments looking for a labeling solution at a reasonable price!

LABEL MATRIX includes 4,000+ native printer drivers for maximum printing quality without extra steps.

TEKLYNX offers a variety of flexible licensing options for LABEL MATRIX, including subscription and perpetual licenses.



Features

Wizards
LABEL MATRIX wizards can act as training guides when new users begin using the application.

2D Barcodes
Support for 100+ barcode symbologies, including Data Matrix and QR Codes.

458423 458427
458424 458428
458425 458429
458426 458430

Counters
Easily add serialization and incremental values to your labels.

Date Offsets
Adjust the current date by a certain interval (often used for best-by and expiration dates.)

Benefits

How can LABEL MATRIX help your company?

- **Save Time on Training** - Use helpful wizards to cut down on training time. Wizards are available for everything from selecting a printer, to database setup, to 2D barcode configuration.
- **Fast Track Labeling** - LABEL MATRIX includes hundreds of label samples and templates, spanning from address labels to industry regulation labels. These samples and templates allow users to meet virtually any labeling requirements quickly and easily.
- **Scale Your Business** - LABEL MATRIX is designed to meet the needs of small labeling environments, but powerful enough to handle large labeling projects. When it's time to move up to a more robust solution, LABEL MATRIX label files easily convert to LABELVIEW files.

Is LABEL MATRIX your solution?

LABEL MATRIX is ideal for low complexity labeling environments.

Companies who use LABEL MATRIX want a basic interface that is easy to learn and create text-based labels that primarily include fixed information. LABEL MATRIX provides a simple, yet robust, solution for companies looking for an entry-level barcode labeling solution at a reasonable price.

Companies who use LABEL MATRIX typically have:

- 3 or fewer printers
- Minimal user input
- Fixed data
- Simple labeling needs: click and print
- Static labeling environment
- Office or laser jet printers connected to desktop print stations

TEKLYNX offers solutions for all levels of labeling complexity

LABEL MATRIX
- Simple labeling requirements with fixed data
- Familiar interface
- Helpful label design wizards

LABELVIEW
- Mid-level labeling requirements
- Simple database connections
- Customizable print forms
- Intuitive interface

CODESOFT
- Complex labeling requirements
- RFID support
- Complex database integration
- Regulatory compliance, such as:
  - Unique Device Identification (UDI)
  - Globally Harmonized System of Classification and Labeling of Chemicals (GHS)

Enterprise Label Management Solutions
- Maximum complexity labeling requirements
- CODESOFT + SENTINEL integrates with any ERP system to completely automate label printing
- CODESOFT + LABEL ARCHIVE enables tracking of every aspect of the label design process, robust user permissions, and version control
- TEKLYNX CENTRAL is an all-in-one, centralized, browser-based label management solution for the whole enterprise
